## Teammates are to work *together* for the win, not against each other!

- We watched an ESPN SportsCenter Top 10 Teammate Fights video.
- Geno Smith, record-breaking WVU QB Drafted in 2013 (second round)
  - On August 11, 2015, then-starting QB, Smith was involved in an altercation with defensive end IK Enemkpali in the locker room. Smith suffered a fractured jaw after Enemkpali punched him in the face. Smith was ruled out for 6–10 weeks, and Enemkpali was released by the Jets shortly thereafter. Two days later, Smith underwent surgery on his fractured jaw. Ryan Fitzpatrick led the team to a 2–0 record while Smith was injured, so new head coach Todd Bowles decided to continue starting Fitzpatrick, even with Smith being healthy, essentially sidelining Geno Smith until the present day...

## The Point: Brothers And Sisters are on each other's team
